Distribution Payment: March 23, 2007

PERFORMANCE FOR THE FIRST FISCAL PERIOD (June 1, 2006 to December 31, 2006)

(1) Business Results Millions of yen rounded down, unless otherwise stated

	Operating revenue		Operating income		Ordinary income		Net income	
First Fiscal Period	4,129	%	2,385	%	1,829	%	1,827	%

	Net income per unit (Yen)	Return on unitholders' Equity (ROE)	(Reference) Annualized	Ordinary income to total assets	(Reference) Annualized	Ordinary income to operating revenue
First Fiscal Period	9,990	2.0%	(6.0)%	1.1%	(3.3)%	44.3%

Notes:

- 1. For accounting purposes, the first fiscal period is from June 1, 2006 through December 31, 2006, a period of 214 days. The actual asset management period, however, commenced on August 31, 2006, for a period of 123 days.
- 2. Net income per unit is calculated utilizing the average number of investment units for the period. The average number of investment units for the fiscal period under review was 182,901 units (the average number of investment units for the actual asset management period). Net income per unit utilizing the number of investment units as of the first fiscal period-end (183,625 units) was ¥9,951.
- 3. Changes in accounting policies: None
- 4. Percentages for operating revenue, operating income, ordinary income and net income represent the percentage increase or decrease from the previous fiscal period. Accordingly, percentages are not provided in this report as the fiscal period under review is the first fiscal period.
- 5. Annualized percentage figures for the first fiscal period = Percentage figures for the first fiscal period / Actual number of asset management days (123 days) x 365 days.
- 6. Return on unitholders' equity and ordinary income to total assets are calculated using the average (net balance at beginning of period plus net balance at period-end divided by two) for both total assets and unitholders' equity. For the period under review, the figures are calculated using the date on which actual asset management commenced (August 31, 2006) as the beginning of the fiscal period.

(2) Distributions

Millions of yen rounded down, unless otherwise stated

	Distribution per unit [excluding distribution in excess of retained earnings] (Yen)	Total distributions	Distribution in excess of earnings per unit (Yen)	Total distributions in excess of earnings	Payout ratio	Distribution ratio to unitholders' equity
First fiscal period	9,951	1,827	0		99.9%	2.0%

Note: The payout ratio and distribution ratio to unitholders' equity are rounded down to the first decimal place.

(3) Financial Position

Millions of yen rounded down, unless otherwise stated

	Total assets Total unitholders'		Unitholders' equity to	Unitholders' equity per	
	Total assets	equity	total assets	investment unit (Yen)	
As of Dec. 31, 2006	166,268	92,199	55.5%	502,110	

Note: The number of investment units outstanding as of December 31, 2006 totaled 183,625 units.
